

WALK-IN CELLARS

Prefab rooms walk-in type including cooling unit (115V) and bottle racks.

Finished exterior/interior:

24" width panels in aluminium "wood grain pattern" enamel burgundy for walls and ceiling.

Floor: Steel clay coloured panels. All panels are 2" thick and insulated with urethane.

Time to assemble: 2 to 4 hours. Installation not included.

Designed for serious collectors and establishments that need to store large quantities of wine, the Walk-In Room is the most cost effective temperature controlled wine unit available. Everything you need to create a cellar in your home, insulated walls, floor, ceiling, racking and cooling unit. The Walk-In Room can be assembled in a few hours using basic tools.
